

## Code of Conduct

### Activities outside of the school premises for Chatterbox Secondary

I agree to...

1. Walk safely and responsibly to and from the excursion. This includes watching where I am walking, staying on the path, staying in a queue of pairs, walking swiftly and not holding up the group.
2. Give respect to the teacher or Chatterbox staff member who is accompanying me. This means following instructions and listening to what they say.
3. Cross the road safely. That means waiting for the green man, to not start crossing when the orange light flashes or when it is red. To always follow the teacher but also look both ways when crossing.
4. Represent the school not only in my actions, but also by wearing the correct uniform appropriately.
5. Be respectful to all members of the public while walking to and from the excursion. I will keep my voice and language appropriate and respectful, and make space for others on the path.
6. Give my full attention, participate and listen to experts or professionals (musicians, tour guides, teachers etc). In this way I am making the most of this learning opportunity.

I understand that failure to comply with the code of conduct may result in disciplinary action, for example not being able to participate in other activities outside of the school.
